

RV Ocean Veritas Data Summary Cruise 6/14/2010

Review Date 6/17/10

Summary:

The RV Ocean Veritas provided a revised Daily Report from June 14, 2010. The following revisions in the Daily Report were present:

Station OV042, originally reported to be 5 km north-northeast of the wellhead, was corrected to be 6.5 km north-northeast of the wellhead.

Station OV043, originally reported to be 3 km closer to the wellhead than OV042, was corrected to be 4.5 km closer to the wellhead than OV042.

Station OV046, originally reported to be on the 3 km radius east-northeast of the wellhead, was corrected to be on the 5 km radius east-northeast of the wellhead.

A revised map showing the sample locations was also provided (see below).
